On July 1, 2015, Governor Jerry Brown announced a special session of the Legislature to address funding and repairing of California's aging network of roads, bridges and highways. Senator Jim Beall (15th District - San Jose), chair of the California State Senate Transportation and Housing Committee, will give an update on what's occurred since the special session was introduced, as well as hear your thoughts on what the state should accomplish.

The Transportation & Goods Movement Council addresses all issues related to our region's mobility - highway, rail, air and transit. The Council advocates on federal, state and local issues and champions positions that will provide system-wide, regional solutions. The Council highlights the importance of transportation and goods movement to the region and nation's economy, while encouraging balanced and sustainable communities.

All Council meetings are open to Chamber members only. Media and guests are only allowed with prior approval.

The Honorable Jim Beall
Senator
15th District - San Jose
